Administration for Children and Families**

Funding Opportunity Title:	Community Services Block Grant (CSBG)/Rural Community Development Program (RCD) Water and Wastewater Treatment Systems Training and Technical Assistance Project
Announcement Type:	Initial
Funding Opportunity Number:	HHS-2020-ACF-OCS-EF-1831
Primary CFDA Number:	93.570
Due Date for Applications:	06/30/2020

Executive Summary

Notice:

- **Applicants are strongly encouraged to read the entire funding opportunity announcement (FOA) carefully and observe the application formatting requirements listed in *Section IV.2. Content and Form of Application Submission*. For more information on applying for grants, please visit "How to Apply for a Grant" on the ACF Grants & Funding Page at <https://www.acf.hhs.gov/grants/howto>.**

For Fiscal Year (FY) 2020, the Department of Health and Human Services (HHS), Rural Community Development (RCD) program, administered by the Office of Community Services (OCS) in Administration for Children and Families (ACF), will provide approximately \$9.2 million in grants to multi-state, regional, private, non-profit organizations for projects designed to provide training and technical assistance to low-income rural communities in order to assist them with developing and managing affordable, safe water and wastewater treatment facilities. Project efforts involve increasing access to water supply and waste disposal services, preserving affordable water and waste disposal services, increasing local capacity and expertise to establish and maintain needed community facilities, ensuring basic water and sanitation, utilizing technical assistance to leverage additional public and private resources; promoting improved coordination of federal, state, and local agencies, and financing programs in these communities.

Information about the RCD program may be found at: www.acf.hhs.gov/programs/ocs/programs/rcd.

I. Program Description

Statutory Authority

This program is authorized by Section 680(a)(3)(B) of the CSBG Act, as amended (42 U.S.C. § 9921(a)(3)(B)).

Description

Unlike other major rural development programs, RCD does not underwrite the actual construction or renovation of water supply or wastewater treatment systems. Rather, RCD funding supports training and technical assistance in an effort to provide support for water system improvements, and the ultimate management of water and wastewater management systems once they have been constructed or improved. RCD-funded training and technical assistance can last days, weeks, months, or years, depending on the nature of water and wastewater management conditions and needs of individual communities.

In order to support and supplement resources needed to maintain safe water and wastewater facilities, training and technical assistance activities under this FOA include, but are not limited to, the following; improving managerial and operational capacity by facilitating the creation of a governing body to manage safe water and wastewater facilities; supporting, completing, and submitting applications for government or institutional funding to support development and improvement of safe water and wastewater facilities; improving technical capacity by providing training to operators that leads to certifications in technical areas related to water and wastewater system operations; supporting compliance with public health guidelines; and supporting the implementation of technical improvements to increase water safety, sewer safety, and water and wastewater system reliability to meet local demand.

GOAL OF THE RCD PROGRAM

The overarching goal of the RCD program is to enhance the overall health of small, low-income, rural communities and the well-being of their residents through training and technical assistance in support of the development and/or maintenance of water and wastewater systems. In addressing this goal, the program will:

- Ensure that individuals with low incomes living in rural communities have access to safe and affordable drinking water in their homes.
- Protect the health and safety of individuals with low incomes in rural areas through the environmentally sound disposal of wastewater and sewage from their homes and other facilities in the community.
- Resolve water or wastewater disposal issues affecting individuals with low incomes in rural areas that may be influenced by population size or geographic isolation through cooperation among communities on a local or regional basis.
- Strengthen economic conditions and opportunities for individuals with low incomes in rural communities, as a result of water supply and wastewater disposal training and technical assistance. Enhance the capacity of local communities and tribal organizations to manage and operate water and wastewater systems that are programmatically and fiscally sound.
- Increase community awareness of, and adherence to, sound water use and disposal practices, and support for safe and affordable water systems that protect the health and safety of individuals with low incomes.

EXPECTED OUTCOMES

The RCD program is expected to produce the following outcomes:

- Improved processes, procedures, and governance structures enabling improved operation and management of water and sewer systems;
- Improved processes and procedures related to the execution of key functions of water and sewer service delivery;
- Strengthened compliance with government rules and regulations;
- Increased access to new sources of funding to support the mission;
- Achievement of a high level of operational reliability and financial security for critical infrastructure (e.g., water or sewer infrastructure);
- Access to drinking water that meets public health guidelines (e.g., the Safe Drinking Water Act (SDWA), the Clean Water Act (CWA), or other federal or local regulations) in sufficient quantities to meet basic needs; and
- Access to a sewage system that adheres to public health guidelines and meets basic needs.

ELIGIBLE ACTIVITIES

RCD funds may be used for training and technical assistance that provides expertise and capacity-building support to small, low-income, rural communities in an effort to address the goals of the program, as listed earlier in this section. For example, recent RCD grants have supported the following:

- Facilitating the creation of a governing body, where one did not previously exist to manage safe water and wastewater facilities.
- Providing trainings for water and wastewater system operators to improve the managerial and operational capacity of water and wastewater systems, such as those pertaining to required certifications for water and wastewater systems, remedial and regulatory issues, compliance, and construction management.
- Convening coordinating summits for system operators, managers, and other experts in the field.
- Supporting the completion and submission of applications for government or institutional funding to support development and improvement of safe water and wastewater facilities, including collecting data required by these funding sources (e.g., performing an income study of residents).
- Enhancing safety and security through providing technical trainings for system operators on wastewater discharge limits and water provision in emergency situations.
- Implementing plans to bring water or wastewater systems into compliance with public health guidelines (e.g., the Safe Drinking Water Act (SDWA), the Clean Water Act (CWA), or other federal or local regulations) and supplying evidence of compliance to agencies responsible for assessing fees for non-compliance.
- Providing on-site technical assistance to identify, address, and resolve system safety and security issues.
- Improving the capacity and efficiency of small, rural water and wastewater systems by facilitating agreements between entities for sharing operators, bookkeepers, engineers,

and certain other services.

- Improving coordination among federal, state, and local agencies in wastewater management through system consolidation, to better meet local need.

DEFINITION OF TERMS

The following definitions apply throughout this FOA, and applicants are strongly encouraged to review these carefully prior to submitting an application:

Community - Any geographic area defined by specific boundaries and the residents, businesses, and institutions within that geographical area.

Governance Structure – The policies, procedures, values, and long-term planning put in place by the Board of Directors or other governing entity to meet the mission of an organization.

Low-income Community - A community in which at least 20 percent of the total population lives below the poverty line, or the median family income does not exceed 80 percent of statewide median family income as outlined in HHS Poverty Guidelines (<http://aspe.hhs.gov/poverty-guidelines>).

Multi-State Regional Organization – An organization eligible to receive funding under the RCD program, including private, non-profit organizations serving the needs of communities or tribal governments across a limited number of states within a specific regional area of the country.

Rural Community - A defined rural area with a population less than 2,500.

Training - An organized activity aimed at imparting information and/or instructions to improve performance or attain a required level of knowledge or skill, in the case of this announcement operation of water or wastewater facilities.

Technical Assistance - A problem-solving service generally using the services of a specialist and specifically customized or tailored to the needs of a particular organization. Such services may be provided on-site, by telephone, or by other means of communication.

Tribal Organization – A not-for-profit governing body of any Indian tribe, in the case of this announcement whose primary purpose is to support tribal safe water and wastewater needs.

Wastewater - Any water that has been adversely affected in quality by environmental/non-environmental influences. Municipal wastewater is usually conveyed in a combined sewer or sanitary sewer, and treated at a wastewater treatment plant.

Water System - A publicly or privately-owned system that provides water for human consumption in an incorporated or unincorporated area through pipes or other constructed conveyances to at least 15 service connections or serves an average of at least 25 people for at least 60 days a year. This includes non-transient, non-community water systems, and transient non-community water systems.

II. Federal Award Information

Funding Instrument Type:	Grant
Estimated Total Funding:	\$9,200,000

Expected Number of Awards:	8
Award Ceiling:	\$1,156,250 Per Budget Period
Award Floor:	\$400,000 Per Budget Period
Average Projected Award Amount:	\$750,000 Per Budget Period
Anticipated Project Start Date:	09/30/2020

Length of Project Periods:

Length of Project Period:	60-month project period with five 12-month budget periods
---------------------------	---

Additional Information on Awards:

Awards made under this announcement are subject to the availability of federal funds.

Applications requesting an award amount that exceeds the *Award Ceiling* per budget period, or per project period, as stated in this section, will be disqualified from competitive review and from funding under this announcement. This disqualification applies only to the *Award Ceiling* listed for the first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award Ceiling* listed for the project period. Please see *Section III.3. Other, Application Disqualification Factors*.

Note: For those programs that require matching or cost sharing, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period or by project period for fully funded awards, even if the projected commitment exceeds the required amount of match or cost share. **A recipient's failure to provide the required matching amount may result in the disallowance of federal funds.** See *Section III.2.* of this announcement for information on cost-sharing or matching requirements.

III. Eligibility Information

III.1. Eligible Applicants

Eligible applicants are multi-state, regional, private, non-profit organizations, including those that support tribal entities to enable the organizations to provide training and technical assistance to small, low-income, rural communities concerning their community facility needs.

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement. See *Section III.3. Other, Application Disqualification Factors*.

Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement.

See *Section IV.2. Legal Status of Applicant Entity* for documentation required to support eligibility.

Please see *Section IV.6. Funding Restrictions* for any limitations on the use of federal funds that could affect the eligibility of an applicant or project.

III.2. Cost Sharing or Matching

Cost Sharing / Matching Requirement: No

For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR § 75.306.

For awards that require matching by statute, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards, even if the projected commitment exceeds the amount required by the statutory match. **A recipient's failure to provide the statutorily required matching amount may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

For awards that do not require matching or cost sharing by statute, where "cost sharing" refers to any situation in which the recipient voluntarily shares in the costs of a project other than as statutorily required matching, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards. These include situations in which contributions are voluntarily proposed by a recipient or subrecipient and are accepted by ACF. Non-federal cost sharing will be included in the approved project budget so that the recipient will be held accountable for proposed non-federal cost-sharing funds as shown in the Notice of Award (NOA). **A recipient's failure to provide voluntary cost sharing of non-federal resources that have been accepted by ACF as part of the approved project costs and that have been shown as part of the approved project budget in the NOA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

Non-federal resources will be evaluated under criteria found in *Section V.1.* of this announcement.

III.3. Other

Application Disqualification Factors

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Award Ceiling Disqualification

Applications that request an award amount that exceeds the *Award Ceiling* per budget period or per project period ("per project period" refers only to fully funded awards), as stated in *Section II. Federal Award Information*, will be disqualified from competitive review and from funding under this announcement. This disqualification applies only to the *Award Ceiling* listed for first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award Ceiling* listed for the project period.

Required Electronic Application Submission

ACF requires electronic submission of applications at www.Grants.gov. **Paper applications received from applicants that have not been approved for an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.**

Applicants that do not have an Internet connection or sufficient computing capacity to upload large documents to the Internet may contact ACF for an exemption that will allow the applicant to submit applications in paper format. Information and the requirements for requesting an exemption from required electronic application submission are found in "ACF Policy for Requesting an Exemption from Electronic Application Submission" at www.acf.hhs.gov/grants/howto#chapter-6.

Missing the Application Deadline (Late Applications)

The deadline for electronic application submission is 11:59 p.m., ET, on the due date listed in the Overview and in Section IV.4. Submission Dates and Times. Electronic applications submitted to www.Grants.gov after 11:59 p.m., ET, on the due date, as indicated by a dated and time-stamped email from www.Grants.gov, will be disqualified from competitive review and from funding under this announcement. That is, applications submitted to www.Grants.gov, on or after 12:00 a.m., ET, on the day after the due date will be disqualified from competitive review and from funding under this announcement.

Applications submitted to www.Grants.gov at any time during the open application period, and prior to the due date and time, which fail the www.Grants.gov validation check, will not be received at, or acknowledged by, ACF.

Each time an application is submitted via www.Grants.gov, the submission will generate a new date and time-stamp email notification. Only those applications with on-time date and time stamps that result in a validated application, which is transmitted to ACF, will be acknowledged.

The deadline for receipt of paper applications is 4:30 p.m., ET, on the due date listed in the Overview and in Section IV.4. Submission Dates and Times. Paper applications received after 4:30 p.m., ET, on the due date will be disqualified from competitive review and from funding under this announcement. **Paper applications received from applicants that have not**

received approval of an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.

Notification of Application Disqualification

Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this FOA.

IV. Application and Submission Information

IV.1. Address to Request Application Package

Harold Taylor
Administration for Children and Families
Office of Community Services
OCS Operations Center
HHS-2020-ACF-OCS-EF-1831
1401 Mercantile Lane Suite 401
Largo, MD 20774
Phone: 1-855-792-6551
Email: ocstech@reviewops.org

Electronic Application Submission:

The electronic application submission package is available in the FOA's listing at www.Grants.gov.

Applications in Paper Format:

For applicants that have received an exemption to submit applications in paper format, Standard Forms, assurances, and certifications are available in the "Select Grant Opportunity Package" available in the FOA's Grants.gov Synopsis under the Package tab at www.Grants.gov. See *Section IV.2. Request an Exemption from Required Electronic Application Submission* if applicants do not have an Internet connection or sufficient computing capacity to upload large documents (files) to www.Grants.gov.

Federal Relay Service:

Hearing-impaired and speech-impaired callers may contact the Federal Relay Service (FedRelay) for assistance at www.gsa.gov/fedrelay.

IV.2. Content and Form of Application Submission

FORMATTING APPLICATION SUBMISSIONS

Each applicant applying electronically via www.Grants.gov is required to upload only two electronic files, excluding Standard Forms and OMB-approved forms. No more than two

files will be accepted for the review, and additional files will be removed. Standard Forms and OMB-approved forms will not be considered additional files.

FOR ALL APPLICATIONS:

Authorized Organizational Representative (AOR)

AOR is the designated representative of the applicant/recipient organization with authority to act on the organization's behalf in matters related to the award and administration of grants. In signing a grant application, this individual agrees that the organization will assume the obligations imposed by applicable Federal statutes and regulations and other terms and conditions of the award, including any assurances, if a grant is awarded.

Point of Contact

In addition to the AOR, a point of contact on matters involving the application must also be identified. The point of contact, known as the Project Director or Principal Investigator, should not be identical to the person identified as the AOR. The point of contact must be available to answer any questions pertaining to the application.

Application Checklist

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials.

Accepted Font Style

Applications must be in Times New Roman (TNR), 12-point font, except for footnotes, which may be TNR 10-point font. Pages that contain blurred text, or text that is too small to read comfortably, will be removed.

English Language

Applications must be submitted in the English language and must be in the terms of United States (U.S.) dollars. If applications are submitted using another currency, ACF will convert the foreign currency to U.S. currency using the date of receipt of the application to determine the rate of exchange.

Page Limitations

Applicants must observe the page limitation(s) listed under "PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:". Page limitation(s) do not include SFs and OMB-approved forms.

All applications must be double-spaced. An application that exceeds the cited page limitation for double-spaced pages in the Project Description file or the Appendices file will have the last extra pages removed and the removed pages will not be reviewed.

Application Elements Exempted from Double-Spacing Requirements

The following elements of the application submission are exempt from the double-spacing requirements and may be single-spaced: the table of contents, the one-page Project Summary/Abstract, required Assurances and Certifications, required SFs, required OMB-approved forms, resumes, logic models, proof of legal status/non-profit status, third-party

agreements, letters of support, footnotes, tables, the line-item budget and/or the budget justification.

Adherence to FOA Formatting, Font, and Page Limitation Requirements

Applications that fail to adhere to ACF's FOA formatting, font, and page limitation requirements will be adjusted by the removal of page(s) from the application. Pages will be removed before the objective review. The removed page(s) will not be made available to reviewers.

Applications that have more than one scanned page of a document on a single page will have the page(s) removed from the review.

For applicants that submit paper applications, double-sided pages will be counted as two pages. When the maximum allowed number of pages is reached, excess pages will be removed and will not be made available to reviewers.

NOTE: Applicants failing to adhere to ACF's FOA formatting, font, and page limitation requirements will receive a letter from ACF notifying them that their application was amended. The letter will be sent after awards have been issued and will specify the reason(s) for removal of page(s).

Corrections/Updates to Submitted Applications

When applicants make revisions to a previously submitted application, ACF will accept only the last on-time application for pre-review under the Application Disqualification Factors. The Application Disqualification Factors determine the application's acceptance for competitive review. See *Section III.3. Application Disqualification Factors* and *Section IV.2. Application Submission Options*.

Copies Required

Applicants must submit one complete copy of the application package electronically. Applicants submitting electronic applications need not provide additional copies of their application package.

Applicants submitting applications in paper format must submit one original and two copies of the complete application, including all Standard Forms and OMB-approved forms. The original copy must have original signatures.

Signatures

Applicants submitting electronic applications must follow the registration and application submission instructions provided at www.Grants.gov.

The original of a paper format application must include original signatures of the authorized representatives.

Accepted Application Format

With the exception of the required Standard Forms (SFs) and OMB-approved forms, all

application materials must be formatted so that they are 8 ½" x 11" white paper with 1-inch margins all around.

If possible, applicants are encouraged to include page numbers for each page within the application.

ACF generally does not encourage submission of scanned documents as they tend to have reduced clarity and readability. If documents must be scanned, the font size on any scanned documents must be large enough so that it is readable. Documents must be scanned page-for-page, meaning that applicants may not scan more than one page of a document onto a single page. Pages with blurred text will be removed from the application.

PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:

Applications must be submitted in two files and must not exceed a combined total of 200 pages. In both files, all items must be labeled, numbered, and organized clearly in the Table of Contents.

The first file must be titled, **Project Description**, and must include the following items:

- Table of Contents
- Project Summary
- Geographic Location
- Need for Assistance
- Objectives
- Expected Outcomes
- Approach
- Project Implementation
- Project Timeline and Milestones
- Organizational Capacity
- Plan for Oversight of Federal Award Funds and Activities
- The Project Budget and Budget Justification

The second file must be titled, **Appendices** and must include the following items:

- Proof of Non-Profit Status
- Logic Model
- Resumes
- Letters of Support
- Other Supporting Documentation

ELECTRONIC APPLICATION SUBMISSION INSTRUCTIONS

Applicants are required to submit their applications electronically unless they have requested and received an exemption that will allow submission in paper format. See *Section IV.2.*

Application Submission Options for information about requesting an exemption.

Electronic applications will only be accepted via www.Grants.gov. **ACF will not accept applications submitted via email or via facsimile.**

Each applicant is required to upload ONLY two electronic files, excluding SFs and OMB-approved forms.

File One: Must contain the entire Project Description, and the Budget and Budget Justification (including a line-item budget and a budget narrative).

File Two: Must contain all documents required in the Appendices.

Adherence to the Two-File Requirement

No more than two files will be accepted for the review. Applications with additional files will be amended and files will be removed from the review. SFs and OMB-approved forms will not be considered additional files.

Application Upload Requirements

ACF strongly recommends that electronic applications be uploaded as Portable Document Files (PDFs). One file must contain the entire Project Description and Budget Justification; the other file must contain all documents required in the Appendices. Details on the content of each of the two files, as well as page limitations, are listed earlier in this section.

To adhere to the two-file requirement, applicants may need to convert and/or merge documents together using a PDF converter software. Many recent versions of Microsoft Office include the ability to save documents to the PDF format without need of additional software. Applicants using the Adobe Acrobat Reader software will be able to merge these documents together. ACF recommends merging documents electronically rather than scanning multiple documents into one document manually, as scanned documents may have reduced clarity and readability.

Applicants must ensure that the version of Adobe Acrobat Reader they are using is compatible with Grants.gov. To verify Adobe software compatibility please go to Grants.gov and click on "Applicants" at the top bar menu and select "Adobe Software Compatibility", which is listed under "Applicant Resources." The Adobe verification process allows applicants to test their version of the software by opening a test Workspace PDF form. Grants.gov also includes guidance on how to download a supported version of Adobe, as well as troubleshooting instructions for use, if an applicant is unable to open the test form.

The Adobe Software Compatibility page located on Grants.gov also provides guidance for applicants on filling out a Workspace PDF form. In addition, it addresses local network and/or computer security settings and the impact this has on use of Adobe software.

Required Standard Forms (SFs) and OMB-approved Forms

Standard Forms (SFs) and OMB-approved forms, such as the SF-424 application and budget forms and the SF-P/PSL (Project/Performance Site Location), are uploaded separately at Grants.gov. These forms are submitted separately from the Project Description and Appendices

files. See *Section IV.2. Required Forms, Assurances, and Certifications* for the listing of required Standard Forms, OMB-approved forms, and required assurances and certifications.

Naming Application Submission Files

Carefully observe the file naming conventions required by www.Grants.gov. Limit file names to 50 characters (characters and spaces). Special characters that are allowed under Grants.gov's naming conventions, and are accommodated by ACF's systems, are listed in the instructions available in the "Select Grant Opportunity Package" at Grants.gov. Please also see <https://www.grants.gov/web/grants/applicants/submitting-utf-8-special-characters.html>.

Use only file formats supported by ACF

It is critical that applicants submit applications using only the supported file formats listed here. While ACF supports all of the following file formats, **we strongly recommend that the two application submission files (Project Description and Appendices) are uploaded as PDF documents in order to comply with the two file upload limitation.** Documents in file formats that are not supported by ACF will be removed from the application and will not be used in the competitive review. This may make the application incomplete and ACF will not make any awards based on an incomplete application.

ACF supports the following file formats:

- Adobe PDF – Portable Document Format (.pdf)
- Microsoft Word (.doc or .docx)
- Microsoft Excel (.xls or .xlsx)
- Microsoft PowerPoint (.ppt)
- Corel WordPerfect (.wpd)
- Image Formats (.JPG, .GIF, .TIFF, or .BMP only)

Do Not Encrypt or Password-Protect the Electronic Application Files

If ACF cannot access submitted electronic files because they are encrypted or password protected, the affected file will be removed from the application and will not be reviewed. This removal may make the application incomplete and ACF will not make awards based on an incomplete application.

FORMATTING FOR PAPER APPLICATION SUBMISSIONS:

The following requirements are only applicable to applications submitted in paper format. Applicants must receive an exemption from ACF in order for a paper format application to be accepted for review. For more information on the exemption, see "*ACF Policy on Requesting an Exemption from Required Electronic Application Submission*" at www.acf.hhs.gov/grants/howto#chapter-6

Format Requirements for Paper Applications

All copies of mailed or hand-delivered paper applications must be submitted in a single package. If an applicant is submitting multiple applications under a single FOA, or multiple applications under separate FOAs, each application submission must be packaged separately.

The package(s) must be clearly labeled for the specific FOA it addresses by FOA title and by Funding Opportunity Number (FON).

Applicants using paper format should download the application forms package associated with the FOA's Synopsis on www.Grants.gov under the Package tab.

Because each application will be duplicated, do not use or include separate covers, binders, clips, tabs, plastic inserts, maps, brochures, or any other items that cannot be processed easily on a photocopy machine with an automatic feed. Do not bind, clip, staple, or fasten in any way separate sections of the application. Applicants are advised that the copies of the application submitted, not the original, will be reproduced by the federal government for review. **All application materials must be one-sided for duplication purposes. All pages in the application submission must be sequentially numbered.**

Addresses for Submission of Paper Applications

See *Section IV.7. Other Submission Requirements* for addresses for paper format application submissions.

Required Forms, Assurances, and Certifications

Applicants seeking grant or cooperative agreement awards under this announcement must submit the listed Standard Forms (SFs), assurances, and certifications with the application. All required Standard Forms, assurances, and certifications are available in the Application Package posted for this FOA at www.Grants.gov.

Forms / Assurances / Certifications	Submission Requirement	Notes / Description
SF-424 - Application for Federal Assistance	Submission is required for all applicants by the application due date.	Required for all applications.
SF-424A - Budget Information - Non-Construction Programs and SF-424B - Assurances - Non-Construction Programs	Submission is required for all applicants when applying for a non-construction project. Standard Forms must be used. Forms must be submitted by the application due date. By signing and submitting the SF-424B, applicants are making the appropriate certification of their compliance with all Federal statutes relating to	Required for all applications when applying for a non-construction project.

	nondiscrimination.	
Certification Regarding Lobbying (Grants.gov Lobbying Form)	Submission required of all applicants with the application package. If it is not submitted with the application package, it must be submitted prior to the award of a grant.	Submission of the certification is required for all applicants.
SF-Project/Performance Site Location(s) (SF-P/PSL)	Submission is required for all applicants by the application due date.	Required for all applications. In the SF-P/PSL, applicants must cite their primary location and up to 29 additional performance sites.
Unique Entity Identifier (DUNS) and Systems for Award Management (SAM) registration.	<p>Required of all applicants. To obtain a DUNS number, go to http://fedgov.dnb.com/webform.</p> <p>Active registration at the Systems Award Management (SAM) website must be maintained throughout the application and project award period.</p> <p>SAM registration is available at http://www.sam.gov.</p>	See <i>Section IV.3. Unique Entity Identifier and System for Award Management (SAM)</i> for more information.
SF-LLL - Disclosure of Lobbying Activities	If submission of this form is applicable, it is due at the time of application. If it is not available at the time of application, it may also be submitted prior to the award of a grant.	If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the applicant shall complete and submit the SF-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
SF-424 Key Contact	Submission is required for all	Required for all applications.

Form	applicants by the application due date.	
------	---	--

Mandatory Grant Disclosure

All applicants and recipients are required to submit, in writing, to the awarding agency and to the HHS Office of the Inspector General (OIG), all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. (Mandatory Disclosures, 45 CFR § 75.113)

Disclosures must be sent in writing to:

The Administration for Children and Families, U.S. Department of Health and Human Services, Office of Grants Management, ATTN: Grants Management Specialist, 330 C Street, SW., Switzer Building, Corridor 3200, Washington, DC 20201

And to:

U.S. Department of Health and Human Services, Office of Inspector General, ATTN: Mandatory Grant Disclosures, Intake Coordinator, 330 Independence Avenue, SW., Cohen Building, Room 5527, Washington, DC 20201

Fax: (202) 205-0604 (Include “Mandatory Grant Disclosures” in subject line) or

Email: MandatoryGranteeDisclosures@oig.hhs.gov

Non-Federal Reviewers

Since ACF will be using non-federal reviewers in the review process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget as well as Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information. If applicants are submitting their application electronically, ACF will omit the same specific salary rate information from copies made for use during the review and selection process.

The Project Description

The Project Description Overview

General Expectations and Instructions

The Project Description provides the majority of information by which an application is evaluated and ranked in competition with other applications for financial assistance. It must address all activities for which federal funds are being requested and all application requirements as stated in this section. The Project Description must explain how the project will meet the purpose of the FOA, as described in *Section I. Program Description*. As a reminder,

reviewers will be evaluating this section in accordance with *Section V.I. Criteria*.

The Project Description must be clear, concise, and complete. ACF is particularly interested in Project Descriptions that convey strategies for achieving intended performance. Project Descriptions are evaluated on the basis of substance and measurable outcomes, not length. Cross-referencing should be used rather than repetition. Supporting documents designated as required must be included in the Appendix of the FOA.

Table of Contents

List the contents of the application including corresponding page numbers. The table of contents may be single spaced.

Project Summary

Provide a summary of the application project description. It must be clear, accurate, concise, and without cross-references to other parts of the application. The summary must include a brief description of the proposed grant project including the needs to be addressed, the proposed services, and the population group(s) to be served.

Please place the following at the top of the Project Summary:

- Project Title
- Applicant Name
- Address
- Contact Phone Numbers (Voice, Fax, Cell)
- Email Address
- Website Address, if applicable

The Project Summary must be single-spaced, Times New Roman 12-point font, and limited to one page in length. Additional pages will be removed and will not be reviewed.

Geographic Location

Describe the precise physical location of the project and boundaries of the area to be served by the proposed project.

Legal Status of Applicant Entity

Applicants must provide the following documentation:

Non-profit organizations applying for funding are required to submit proof of their non-profit status. Proof of non-profit status is any one of the following:

- A reference to the applicant organization's listing in the IRS's most recent list of tax-exempt organizations described in the IRS Code.
- A copy of a currently valid IRS tax-exemption certificate.
- A statement from a state taxing body, state attorney general, or other appropriate

state official certifying that the applicant organization has non-profit status and that none of the net earnings accrue to any private shareholders or individuals.

- A certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status.
- Any of the items in the subparagraphs immediately above for a state or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate

Unless directed otherwise, applicants must include proof of non-profit status in the *Appendices* file of the application submission.

Need For Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance, including the nature and scope of the problem, must be demonstrated. Supporting documentation, such as letters of support and testimonials from concerned parties, may be included in the Appendix. Any relevant data based on planning studies or needs assessments should be included or referred to in the endnotes or footnotes. Incorporate demographic data and participant/beneficiary information, as available.

Objectives

Clearly state the principal and subordinate objectives of the project. Applicants must address how the objectives stated relate to the overall purpose of the program and describe how objectives will be achieved.

Describe how the project will meet the program's objectives of enhancing the overall health of small, low-income, rural communities and the well-being of their residents through training and technical assistance, in support of the development and/or maintenance of water and wastewater systems.

Expected Outcomes

Identify the outcomes to be achieved from the project. Outcomes should relate to the overall program as described in *Section I. Program Description*. If research is part of the proposed work, outcomes must include hypothesized results and implications of the proposed research.

Approach

Outline a plan of action that describes the scope and detail of how the proposed project will be accomplished. Applicants must account for all functions or activities identified in the application.

Cite potential obstacles and challenges to accomplishing project goals and explain strategies that will be used to address these challenges.

In the plan of action, describe specific types of training and technical assistance that will be provided to support managerial, operational, and/or technical capacity for water operators and system administrators; and/or the specific efforts that will be undertaken to increase access to

funding, support critical infrastructure improvements, and strengthen compliance.

Project Implementation

The applicant must provide a clear, well-conceived implementation plan that describes how the proposed project will be executed. The activities identified in the implementation plan must be consistent with the expectations described in *Section I. Program Description*, and cover all years of the project.

Each proposed training and technical assistance activity must be fully described and consistent with the project's scope, scale, and projected outcomes. This description must include resources required to execute the activity, including key staff and third parties, which may include, cooperating entities, consultants, or other key individuals that will work on the project; and the proposed training and technical assistance information on potential obstacles and challenges to accomplishing project goals; as well as strategies for addressing these obstacles, challenges; and any competing activities that might reduce the availability of resources for the project.

If the project includes construction of facilities, the application must identify and explain how the construction portion of the effort will be funded and paid for with non-RCD funding.

Project Timeline and Milestones

Provide quantitative monthly or quarterly projections (for the entire project period) of the accomplishments to be achieved for each function or activity, in such terms as the number of people to be served and the number of activities accomplished. Data may be organized and presented as project tasks and subtasks with their corresponding timelines during the project period. When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

Organizational Capacity

Provide the following information on the applicant organization and, if applicable, on any cooperating partners:

- Organizational charts;
- Resumes;
- Biographical Sketches (short narrative description);
- List of Board of Directors;
- Financial statements adhering to Generally Accepted Accounting Principles (GAAP), if available, submit statements for up to the two most recently completed fiscal years (this requirement does not apply to start-up organizations);
- Audit reports or statements from Certified Public Accountants/Licensed Public Accountants, if available, submit statements for up to the two most recently completed fiscal years (this requirement does not apply to start-up organizations);
- Copy or description of the applicant organization's fiscal control and accountability procedures;
- Evidence that the applicant organization, and any partnering organizations, have relevant experience and expertise with administration, development, implementation, management, and evaluation of programs similar to that offered under this announcement;
- Evidence that each participating organization, including partners, contractors and/or

subrecipients, possess the organizational capability to fulfill their role(s) and function(s) effectively.

- Information on compliance with federal/state/local government standards;

Resumes should be no more than 2 pages in length and identify the percentage of time that staff is available for the project.

Evidence of relevant experience must demonstrate that the applicant has implemented projects of similar size, scope, service area, and nature, including the following:

- At least three previous projects undertaken by the applicant within the last 5 years that demonstrate the applicant's ability to support small, low-income, rural communities in leveraging funds for permanent benefits in regard to their community facility needs.
- At least three previous projects undertaken by the applicant within that last 5 years that demonstrate the applicant's ability to provide training related to water or wastewater systems in small, low-income, rural communities to improve performance.
- Experience supporting small, low-income, rural communities is in a specific and clearly-defined region as outlined under the applicant's identified service area.

Plan for Oversight of Federal Award Funds and Activities

Grantees are required to ensure proper oversight in accordance with 45 CFR Part 75 Subpart D. These regulations set forth the following standards for effective oversight:

- Financial and Program Management
- Property (if applicable by program legislation)
- Procurement
- Performance and Financial Monitoring and Reporting
- Subrecipient Monitoring and Management
- Record Retention and Access
- Remedies for Noncompliance

Describe the framework (e.g. governance, policies and procedures, risk management, systems) in place to ensure proper oversight of federal funds and activities in accordance with 45 CFR Part 75 Subpart D. The description must include: system(s) for record-keeping and financial management; procedures to identify and mitigate risks and issues (e.g., audit findings, continuous program performance assessment findings, program monitoring); and those key staff that will be responsible for maintaining oversight of program activities staff, and, if applicable, partner(s) and/or subrecipient(s).

Letters of Support

Provide statements from community, public, and/or commercial leaders that support the project proposed for funding. All submissions must be included in the application package. At minimum, each letter of support must identify the individual writing the letter, the organization they represent, the date, and reason(s) for supporting the project.

The Project Budget and Budget Justification

All applicants are required to submit a project budget and budget justification with their application. The project budget is entered on the Budget Information Standard Form, either SF-424A or SF-424C. Applicants are encouraged to review the form instructions in addition to the guidance in this section. The budget justification consists of a budget narrative and a line-item budget detail that includes detailed calculations for "object class categories" identified on the Budget Information Standard Form. Applicants must indicate the method they are selecting for their indirect cost rate. See Indirect Charges for further information.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If matching cost sharing is a requirement, applicants must include a detailed listing of any funding sources identified in Block 18 of the SF-424 (Application for Federal Assistance). See the table in *Section IV.2. Required Forms, Assurances, and Certifications* listing the appropriate budget forms to use in this application.

Special Note: *The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2020 and Further Consolidated Appropriations Act, 2020, (Division A, Title II, Sec. 202), limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this announcement may not be used to pay the salary of an individual at a rate in excess of Executive Level II. The Executive Level II salary of the "Rates of Pay for the Executive Schedule" is \$197,300. This amount reflects an individual's base salary exclusive of fringe benefits and any income that an individual may be permitted to earn outside of the duties of the applicant organization. This salary limitation also applies to subawards and subcontracts under an ACF grant or cooperative agreement.*

Provide a budget using the SF-424A and/or SF-424C, as applicable, for each year of the proposed project.

Provide a budget justification, which includes a budget narrative and a line-item detail, for each year of the proposed project. The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

Use the following guidelines for preparing the project budget and budget justification. The budget justification includes a budget narrative and a line-item detail. Applications should only include allowable costs in accordance with 45 CFR Part 75 Subpart E.

Personnel

Description: Costs of employee salaries and wages. See 45 CFR § 75.430 for more information on allowable personnel costs. Do not include the personnel costs of consultants, contractors and subrecipients under this category.

Justification: For each position, provide: the name of the individual (if known), their title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent; annual salary; grant salary; wage rates; etc. Identify the project director or principal investigator, if known at the time of application.

Fringe Benefits

Description: Costs of employee fringe benefits are allowances and services provided by employers to their employees in addition to regular salaries and wages. For more information on Fringe Benefits please refer to 45 CFR § 75.431. Do not include the fringe benefits of consultants, contractors, and subrecipients.

Typically, fringe benefit amounts are determined by applying a calculated rate for a particular class of employee (full-time or part-time) to the salary and wages requested. Fringe rates are often specified in the approved indirect cost rate agreement. Fringe benefits may be treated as a direct cost or indirect cost in accordance with the applicant's accounting practices. Only fringe benefits as a direct cost should be entered under this category.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement, taxes, etc.

Travel

Description: Costs of project-related travel (i.e., transportation, lodging, subsistence) by employees of the applicant organization who are in travel status on official business. Travel by non-employees such as consultants, contractors or subrecipients should be included under the Contractual line item. Local travel for employees in non-travel status should be listed on the Other line. Travel costs should be developed in accordance with the applicant's travel policies and 45 CFR § 75.474.

Justification: For each trip show: the total number of travelers; travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key project staff to attend ACF-sponsored workshops/conferences/grantee orientations should be detailed in the budget justification.

Equipment

Description: "Equipment" means an article of nonexpendable, tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation, shall be included in, or excluded from, acquisition cost in accordance with the organization's regular written accounting practices.) See 45 CFR § 75.439 for more information.

Justification: For each type of equipment requested provide: a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use on the project; as well as use and/or disposition of the equipment after the project ends.

Supplies

Description: Costs of all tangible personal property, other than included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than \$5,000. See 45 CFR § 75.453 for more information.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

Contractual

Description: Cost of all contracts and subawards except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contract or subawards with secondary recipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. Costs related to individual consultants should be listed on the Other line. Recipients are required to use 45 CFR §§ 75.326-.340 procurement procedures, and subawards are subject to the requirements at 45 CFR §§ 75.351-.353.

Justification: Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Applicants must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold stated in [Office of Management and Budget \(OMB\) Memorandum M-18-18: Implementing Statutory Change to the Micro-Purchase and the Simplified Acquisition Thresholds for Financial Assistance](#) and 48 CFR Subpart 2.1 (when amended accordingly). Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to ACF.

Indicate whether the proposed agreement qualified as a subaward or contract in accordance with 45 CFR § 75.351. Provide the name of the contractor/subrecipient (if known), a description of anticipated services, a justification for why they are necessary, a breakdown of estimated costs, and an explanation of the selection process. In addition, for subawards, the applicant must provide a detailed budget and budget narrative for each subaward, by entity name, along with the same justifications referred to in these budget and budget justification instructions.

Other

Description: Enter the total of all other costs. Such costs, where applicable and appropriate, may include, but are not limited to: consultant costs, local travel, insurance, food (when allowable), medical and dental costs (non-personnel), professional service costs (including audit charges), space and equipment rentals, printing and publications, computer use, training costs (such as tuition and stipends), staff development costs, and administrative costs. Please note costs must be allowable per 45 CFR Part 75 Subpart E.

Justification: Provide a breakdown of costs, computations, a narrative description, and a justification for each cost under this category.

Indirect Charges

Description: Total amount of indirect costs. This category has one of two methods that an applicant can select. An applicant may only select one.

1. The applicant currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant federal agency.

Justification: An applicant must enclose a copy of the current approved rate agreement. If the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed. Choosing to charge a lower rate will not be considered during the objective review or award selection process.

2. Per 45 CFR § 75.414(f) Indirect (F&A) costs, "any non-Federal entity [i.e., applicant] that has never received a negotiated indirect cost rate, ... may elect to charge a *de minimis* rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in Section 75.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as the non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time."

Justification: This method only applies to applicants that have never received an approved negotiated indirect cost rate from HHS or another cognizant federal agency. Applicants awaiting approval of their indirect cost proposal may request the 10 percent *de minimis* rate. When the applicant chooses this method, costs included in the indirect cost pool must not be charged as direct costs to the grant.

Commitment of Non-Federal Resources

Description: Amounts of non-federal resources that will be used to support the project as identified in Block 18 of the SF-424. This line should be used to indicate required and/or voluntary committed cost sharing or matching, if applicable.

For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR § 75.306.

For awards that require matching or cost sharing by statute, recipients will be held accountable for projected commitments of non-federal resources (at or above the statutory requirement) in their application budgets and budget justifications by budget period, or by project period for fully funded awards. **A recipient's failure to provide the statutorily required matching or cost sharing amount (and any voluntary committed amount in excess) may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

For awards that do not require matching or cost sharing by statute, recipients are not expected to provide cost sharing or matching. However, recipients are allowed to voluntarily propose a commitment of non-federal resources. If an applicant decides to voluntarily contribute non-federal resources towards project costs and the costs are accepted by ACF, the non-federal resources will be included in the approved project budget. The applicant will be held accountable for all proposed non-federal resources as shown in the Notice of Award (NOA). **A recipient's failure to meet the voluntary amount of non-federal resources that was accepted by ACF as part of the approved project costs and that was identified in the approved budget in the NOA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

Justification: If an applicant is relying on cost share or match from a third-party, then a firm commitment of these resources (letter(s) or other documentation) is required to be submitted with the application. Detailed budget information must be provided for every funding source identified in Item 18. "Estimated Funding (\$)" on the SF-424.

Applicants are required to fully identify and document in their applications the specific costs or contributions they propose in order to meet a matching requirement. Applicants are also required to provide documentation in their applications on the sources of funding or contribution(s). In-kind contributions must be accompanied by a justification of how the stated valuation was determined. Matching or cost sharing must be documented by budget period (or by project period for fully funded awards).

Applications that lack the required supporting documentation will not be disqualified from competitive review; however, it may impact an application's scoring under the evaluation criteria in *Section V.I. Criteria* of this announcement.

Paperwork Reduction Act Disclaimer

As required by the Paperwork Reduction Act, 44 U.S.C §§ 3501-3521, the public reporting burden for the Project Description is estimated to average 60 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. The Project Description information collection is approved under OMB control number 0970-0139, which expires 02/28/2022. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Application Submission Options

Electronic Submission via www.Grants.gov

This section provides the application submission and receipt instructions for ACF program applications. Please read the following instructions carefully and completely.

Electronic Delivery

ACF is participating in the Grants.gov initiative to provide the grant community with a single site to find and apply for grant funding opportunities. ACF applicants are required to submit their

applications online through Grants.gov.

How to Register and Apply through Grants.gov

Read the following instructions about registering to apply for ACF funds. Applicants should read the registration instructions carefully and prepare the information requested before beginning the registration process. Reviewing and assembling the required information before beginning the registration process will alleviate last-minute searches for required information.

The registration process can take up to four weeks to complete. Therefore, registration should be done in sufficient time to ensure it does not impact your ability to meet required application submission deadlines.

Organization applicants can find complete instructions here:

<https://www.grants.gov/web/grants/applicants/organization-registration.html>

Obtain a DUNS Number: All entities applying for funding, including renewal funding, must have a Data Universal Numbering System (DUNS) number from Dun & Bradstreet (D&B). Applicants must enter the DUNS number in the data entry field labeled "Organizations DUNS" on the SF-424 form.

For more detailed instructions for obtaining a DUNS number, refer to:

<https://www.grants.gov/web/grants/applicants/organization-registration/step-1-obtain-duns-number.html>

Register with SAM: In addition to having a DUNS number, organizations applying online through Grants.gov must register with the System for Award Management (SAM). All organizations must register with SAM in order to apply online. Failure to register with SAM will prevent your organization from applying through Grants.gov.

For more detailed instructions for registering with SAM, refer to:

<https://www.grants.gov/web/grants/applicants/organization-registration/step-2-register-with-sam.html>

Create a Grants.gov Account: The next step in the registration process is to create an account with Grants.gov. Applicants must know their organization's DUNS number to complete this process. Completing this process automatically triggers an email request for applicant roles to the organization's E-Business Point of Contact (EBiz POC) for review. The EBiz POC is a representative from your organization who is the contact listed for SAM. To apply for grants on behalf of your organization, you will need the AOR role.

For more detailed instructions about creating a profile on Grants.gov, refer to:

<https://www.grants.gov/web/grants/applicants/registration.html>

Authorize Grants.gov Roles: After creating an account on Grants.gov, the EBiz POC receives an email notifying them of your registration and request for roles. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, which may include the

AOR role, thereby giving you permission to complete and submit applications on behalf of your organization. You will be able to submit your application online any time after you have been approved as an AOR.

For more detailed instructions about creating a profile on Grants.gov, refer to:
<https://www.grants.gov/web/grants/applicants/registration/authorize-roles.html>

Track Role Status: To track your role request, refer to:
<https://www.grants.gov/web/grants/applicants/registration/track-role-status.html>

When applications are submitted through Grants.gov, the name of the organization's AOR that submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC must authorize individuals who are able to make legally binding commitment on behalf of the organization as an AOR; this step is often missed and it is crucial for valid and timely submissions.

How to Submit an Application to ACF via Grants.gov

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each FOA, you can create individual instances of a workspace.

The following is an overview of applying via Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: <https://www.grants.gov/web/grants/applicants/apply-for-grants.html>

Create a Workspace: Creating a workspace allows you to complete an application online and route it through your organization for review before submitting.

Complete a Workspace: Add participants to the workspace, complete all the required forms, and check for errors before submission.

Adobe Reader: If you decide not to apply by filling out webforms you can download individual PDF forms in Workspace so that they will appear similar to other Standard or ACF forms. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drive(s), then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at:

<https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>

Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

Complete SF-424 Fields First: The forms are designed to fill in common required

fields across other forms, such as the applicant name, address, and DUNS number. To trigger this feature, an applicant must complete the SF-424 information first. Once it is completed, the information will transfer to the other forms.

Submit a Workspace: An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application **at least 24-48 hours prior to the close date** to provide you with time to correct any potential technical issues that may disrupt the application submission.

Track a Workspace: After successfully submitting a workspace package, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the package. The number will be listed on the Confirmation page that is generated after submission.

For additional training resources, including video tutorials, refer to:
<https://www.grants.gov/web/grants/applicants/applicant-training.html>

Grants.gov provides applicants 24/7 support via the toll-free number 1-800-518-4726 and email at support@grants.gov. For questions related to the specific grant opportunity, contact the number listed in the application package of the grant you are applying for.

If you are experiencing difficulties with your submission, it is best to call the Grants.gov Support Center and get a ticket number. The Support Center ticket number will assist ACF with tracking your issue and understanding background information on the issue.

Timely Receipt Requirements and Proof of Timely Submission

All applications must be received by 11:59 p.m., ET, on the due date established for each program. Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant AOR will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. Applicant AORs will also receive the official date/stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When ACF successfully retrieves the application from Grants.gov, and acknowledges the download of submission, Grants.gov will provide an electronic acknowledgment of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by ACF.

Applicants with slow internet, such as dial-up connections, should be aware that transmission can take some time before Grants.gov receives your application. Again, Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

Issues with Federal Systems

For any systems issues experienced with Grants.gov or SAM.gov, please refer to ACF's "Policy for Applicants Experiencing Federal Systems Issues" document for complete guidance at [www.acf.hhs.gov /sites/default/files/assets/systems_issue_policy_final.pdf](http://www.acf.hhs.gov/sites/default/files/assets/systems_issue_policy_final.pdf).

Request an Exemption from Required Electronic Application Submission

To request an exemption from required electronic submission please refer to ACF's "Policy for Requesting an Exemption from Required Electronic Application Submission" document for complete guidance at:

https://www.acf.hhs.gov/sites/default/files/assets/acf_policy_for_requesting_an_exemption_from_required_electronic.pdf.

Paper Format Application Submission

An exemption is required for the submission of paper applications. See the preceding section on "*Request an Exemption from Required Electronic Application Submission.*"

Applicants with exemptions that submit their applications in paper format, by mail or delivery, must submit one original and two copies of the complete application with all attachments. The original and each of the two copies must include all required forms, certifications, assurances, and appendices, be signed by the AOR, and be unbound. The original copy of the application must have original signature(s). See *Section IV.7.* of this announcement for address information for paper format application submissions. Applications submitted in paper format must be received by 4:30 p.m., ET, on the due date.

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in *Section IV.4. Submission Dates and Times* in this announcement.

IV.3. Unique Entity Identifier and System for Award Management (SAM)

All applicants must have a DUNS Number (<http://fedgov.dnb.com/webform>) and an active registration with the System for Award Management (SAM.gov/SAM, <https://www.sam.gov>).

Obtaining a DUNS Number may take 1 to 2 days.

All applicants are required to maintain an active SAM registration until the application process is complete. If a grant is awarded, registration at SAM must be active throughout the life of the award.

Plan ahead. Allow at least 10 business days after you submit your registration for it to become active in SAM and at least an additional 24 hours before that registration information is available in other government systems, i.e. Grants.gov.

This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application through Grants.gov or prevent the award of a grant. Applicants should maintain documentation (with dates) of their efforts to register for, or renew a registration, at SAM. User Guides are available under the “Help” tab at <https://www.sam.gov>.

HHS requires all entities that plan to apply for, and ultimately receive, federal grant funds from any HHS Agency, or receive subawards directly from recipients of those grant funds to:

- Be registered in the SAM prior to submitting an application or plan;
- Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
- Provide its active DUNS number in each application or plan it submits to the OPDIV.

ACF is prohibited from making an award until an applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, ACF:

- May determine that the applicant is not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

IV.4. Submission Dates and Times

Due Date for Applications: **06/30/2020**

Explanation of Due Dates

The due date for receipt of applications is listed in the *Overview* section and in this section. See *Section III.3. Other, Application Disqualification Factors*.

Electronic Applications

The deadline for submission of electronic applications via www.Grants.gov is 11:59 p.m., ET, on the due date. Electronic applications submitted at 12:00 a.m., ET, on the day after the due date will be considered late and will be disqualified from competitive review and from funding under this announcement.

Applicants are required to submit their applications electronically via www.Grants.gov unless they received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

ACF does not accommodate transmission of applications by email or facsimile.

Instructions for electronic submission via www.Grants.gov are available at: www.grants.gov/web/grants/applicants/apply-for-grants.html.

Applications submitted to www.Grants.gov at any time during the open application period prior to the due date and time that fail the Grants.gov validation check will not be received at ACF. These applications will not be acknowledged.

Mailed Paper Format Applications

The deadline for receipt of mailed, paper applications is 4:30 p.m., ET, on the due date. Mailed paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and from funding under this announcement.

Paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

Hand-Delivered Paper Format Applications

Applications that are hand-delivered by applicants, applicant couriers, by overnight/express mail couriers, or other representatives of the applicant must be received on, or before, the due date listed in the *Overview* and in this section. These applications must be delivered between the hours of 8:00 a.m. and 4:30 p.m., ET, Monday through Friday (excluding federal holidays). Applications should be delivered to the address provided in *Section IV.7. Other Submission Requirements*.

Hand-delivered paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and from funding under this announcement.

Hand-delivered paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

No appeals will be considered for applications classified as late under the following circumstances:

- Applications submitted electronically via www.Grants.gov are considered late when they are dated and time-stamped after the deadline of 11:59 p.m., ET, on the due date.
- Paper format applications received by mail or hand-delivery after 4:30 p.m., ET, on the due date will be classified as late and will be disqualified.
- Paper format applications received from applicant organizations that were not approved for an exemption from required electronic application submission under the process described in *Section IV.2. Request an Exemption from Required Electronic Submission* will be disqualified.

Emergency Extensions

ACF may extend an application due date when circumstances make it impossible for an applicant to submit their applications on time. Only events such as documented natural disasters (floods, hurricanes, tornados, etc.), or a verifiable widespread disruption of electrical service, or

mail service, will be considered. The determination to extend or waive the due date, and/or receipt time, requirements in an emergency situation rests with the Grants Management Officer listed as the Office of Grants Management Contact in *Section VII. HHS Awarding Agency Contact(s)*.

Acknowledgement from www.Grants.gov

Applicants will receive an initial email upon submission of their application to www.Grants.gov. This email will provide a **Grants.gov Tracking Number**. Applicants should refer to this tracking number in all communication with Grants.gov. The email will also provide a **date and time stamp**, which serves as the official record of application's submission. Receipt of this email does not indicate that the application is accepted or that it has passed the validation check.

Applicants will also receive an email acknowledging that the received application is in the **Grants.gov validation process**, after which a third email is sent with the information that the submitted application package has passed, or failed, the series of checks and validations. Applications that are submitted on time that fail the validation check will not be transmitted to ACF and will not be acknowledged by ACF.

See "What to Expect After Submitting" at www.Grants.gov for more information.

Acknowledgement from ACF of an electronic application's submission:

Applicants will be sent additional email(s) from ACF acknowledging that the application has been retrieved from www.Grants.gov by ACF. Receipt of these emails is not an indication that the application is accepted for competition.

Acknowledgement from ACF of receipt of a paper format application:

ACF will not provide acknowledgement of receipt of hard copy application packages submitted via mail or courier services.

IV.5. Intergovernmental Review

This program is covered under Executive Order (E.O.) 12372, "Intergovernmental Review of Federal Programs," and 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Executive Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

Applicants should go to the following URL for the official list of the jurisdictions that have elected to participate in E.O. 12372 https://www.whitehouse.gov/wp-content/uploads/2017/11/Intergovernmental_Review_-_SPOC_01_2018_OFFM.pdf.

Applicants from participating jurisdictions should contact their SPOC, as soon as possible, to alert them of their prospective applications and to receive instructions on their jurisdiction's procedures. Applicants must submit all required application materials to the SPOC and indicate the date of submission on the Standard Form (SF) 424 at item 19.

Under 45 CFR 100.8(a)(2), a SPOC has 60 days from the application due date to comment on proposed new awards.

SPOC comments may be submitted directly to ACF to: U.S. Department of Health and Human Services, Administration for Children and Families, Office of Grants Management, Division of Discretionary Grants, 330 C St. SW, 3rd Floor, Washington, DC 20201.

Entities that meet the eligibility requirements of this announcement are still eligible to apply for a grant even if a State, Territory or Commonwealth, etc., does not have a SPOC or has chosen not to participate in the process. Applicants from non-participating jurisdictions need take no action with regard to E.O. 12372. Applications from Federally-recognized Indian Tribal governments are not subject to E.O. 12372.

IV.6. Funding Restrictions

Costs of organized fund raising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred to raise capital or obtain contributions are unallowable. Fund raising costs for the purposes of meeting the Federal program objectives are allowable with prior written approval from the Federal awarding agency. (45 CFR §75.442)

Proposal costs are the costs of preparing bids, proposals, or applications on potential Federal and non-Federal awards or projects, including the development of data necessary to support the non-Federal entity's bids or proposals. Proposal costs of the current accounting period of both successful and unsuccessful bids and proposals normally should be treated as indirect (F&A) costs and allocated currently to all activities of the non-Federal entity. No proposal costs of past accounting periods will be allocable to the current period. (45 CFR §75.460)

Grant awards will not allow reimbursement of pre-award costs.

Construction is not an allowable activity or expenditure under this grant award.

Purchase of real property is not an allowable activity or expenditure under this grant award.

IV.7. Other Submission Requirements

Submit paper applications to one of the following addresses. Also see *ACF Policy on Requesting an Exemption from Required Electronic Application Submission* at www.acf.hhs.gov/grants/howto#chapter-6.

Submission By Mail

Tim Chappelle
Administration for Children and Families
Office of Grants Management
OCS Operations Center

1401 Mercantile Lane
Suite 401
Largo, MD 20774

Hand Delivery

Electronic Submission

See *Section IV.2.* for application requirements and for guidance when submitting applications electronically via www.Grants.gov.
For all submissions, see *Section IV.4. Submission Dates and Times.*

V. Application Review Information

V.1. Criteria

Please note: With the exception of the funding opportunity announcement and relevant statutes and regulations, reviewers will not access, or review, any materials that are not part of the application documents. This includes information accessible on websites via hyperlinks that are referenced, or embedded, in the application. Though an application may include web links, or embedded hyperlinks, reviewers will not review this information as it is not considered to be part of the application documents. Nor will the information on websites be taken into consideration in scoring of evaluation criteria presented in this section. Reviewers will evaluate and score an application based on the documents that are presented in the application and **will not** refer to, or access, external links during the objective review.

Applications competing for financial assistance will be reviewed and evaluated using the criteria described in this section. The corresponding point values indicate the relative importance placed on each review criterion. Points will be allocated based on the extent to which the application proposal addresses each of the criteria listed. Applicants should address these criteria in their application materials, particularly in the project description and budget justification, as they are the basis upon which competing applications will be judged during the objective review. The required elements of the project description and budget justification may be found in *Section IV.2* of this announcement.

Objectives and Need for Assistance	Maximum Points:5
To evaluate this criterion, reviewers will consider the extent to which the project's goals and location are aligned with the program's intent, and the extent to which the application establishes a clear need for the project to achieve this goal.	

As outline in *Section IV.2. Content and Form of Application Submission, The Project Description, Objectives and Need for Assistance*, reviewers will consider the extent to which:

- The application describes the geographic area to be impacted within the specific region the organization serves.
- The application identifies the target population(s) and/or communities that will benefit from the project within the specific region the organization serves.
- The application demonstrates that the project's goal for community needs for water and wastewater treatment systems align with the goal of the RCD program.
- The application describes the water and wastewater treatment systems, management training, and technical assistance needs of the small, low-income, rural communities they will serve and how the project will address these needs.

Project Implementation

Maximum Points:20

In reviewing this section, reviewers will consider the extent to which the application demonstrates that the project has a high likelihood of success and is well planned and ready to be implemented at the time of award as outlined in *Section IV.2. Content and Form of Application Submission, The Project Description, Approach, Project Implementation*.

Specifically, reviewers will consider the extent to which:

- The application provides a clear and well-conceived overall approach to the project, with a sound implementation plan that is consistent with the expectations described in *Section I. Program Description* of this FOA. It covers all years of the project, including a quarterly timeline and specific milestones to be achieved.
- The proposed project describes a plan that addresses the needs of the target population(s) and/or communities within the specific region.
- The application identifies critical issues or potential problems that might impact the project negatively and how project objectives can be reasonably attained despite such potential problems.
- The application demonstrates that all of the activities to be funded by the award are necessary for the success of the project and are consistent with the project's scope, scale, and projected outcomes.
- The application identifies any competing activities that might reduce the availability of the resources for this project.
- For projects that include construction of facilities, the application identifies and explains how the construction portion of the effort will be funded and paid for with non- RCD funding.

Expected Outcomes

Maximum Points:10

In reviewing this section, reviewers will consider the extent to which the application demonstrates that the proposed project will produce permanent and measurable results that will

reduce the incidence of poverty in the areas targeted and significantly enhance the health of the communities served and the well-being of their residents as outlined in *Section IV.2. Content and Form of Application Submission, The Project Description, Expected Outcomes*.

Specifically, reviewers will consider the extent to which the proposed project results in one or more of the following:

- The creation or strengthening of processes, procedures, and governance structures enabling improved operation and management of water and sewer systems;
- The improvement of processes and procedures related to the execution of key functions of water and sewer service delivery;
- A system or organization achieving compliance with government rules and regulations;
- A system or organization accessing new sources of funding to support its mission;
- The achievement of a high level of operational reliability and financial security for critical infrastructure (e.g., water or sewer infrastructure);
- Access to drinking water that meets public health guidelines in sufficient quantities to meet basic needs; or
- Access to a sewage system that adheres to public health guidelines and meets basic needs.

Organizational Profiles

Maximum Points:25

In reviewing this section, reviewers will consider the extent to which the application demonstrates that the organization has competency and sufficient overall experience to carry out the project as outlined in *Section IV.2. Content and Form of Application Submission, The Project Description, Organizational Capacity*.

Specifically, reviewers will consider the extent to which:

- The applicant provides descriptions of at least three previous projects undertaken by the applicant within the last 5 years that demonstrates competency in five of the seven outcome areas.
- The applicant provides descriptions of at least three previous projects undertaken by the applicant within the last 5 years that demonstrate the applicant's ability to support small, low-income, rural communities in leveraging funds for permanent benefits in regard to their community facility needs.
- The applicant provides descriptions of at least three previous projects undertaken by the applicant within that last 5 year that demonstrates the applicant's ability to provide training related to water or wastewater systems in small, low-income, rural communities to improve performance.
- The applicant provides evidence that its experience supporting small, low-income, communities is in a specific and clearly-defined region, as outlined under the applicant's identified service area.

Staff and Position Data

Maximum Points:15

In reviewing this section, reviewers will consider the extent to which the application demonstrates that the identified staff are qualified to carry out the project as outlined in *Section IV.2. Content and Form of Application Submission, The Project Description, Organizational Capacity*.

Specifically, reviewers will consider the extent to which:

- The application demonstrates, through biographical sketches, degree information, resumes, and descriptions of previous project experience, that the identified staff are qualified to carry out the proposed project activities to conduct training and technical assistance in the area of water and wastewater system operations and management.
- The application demonstrates that key staff have the appropriate time commitment available and experience in supervision, finance and business development and management, and working with the target population. The discussion of staff experience must be sufficiently detailed to allow reviewers to assess whether individuals' skills and experience demonstrate an ability to fulfill the tasks assigned to them.
- The application states clearly whether all key project staff positions are filled. In cases where a key staff person has not yet been hired, the application demonstrates that an appropriate position description, recruitment strategy, and estimated hiring timeline have been developed.
- The application demonstrates that the staffing, facilities, equipment, supplies, and funding that support each activity have been identified AND are reasonable.

Plan of Oversight of Federal Award Funds and Activities	Maximum Points:5
--	-------------------------

In reviewing this section, reviewers will consider the extent to which the application demonstrates sufficient capacity to successfully manage federal funds, as outlined in *Section IV.2. Content and Form of Application Submission, The Project Description, Plan for Oversight of Federal Award Funding and Activities*.

Specifically, reviewers will consider the extent to which:

- The application includes a plan that demonstrates the applicant's capacity to manage responsibly the proposed federal funds and to adequately protect any federal funds awarded under the application through a financial management system that complies with 45 CFR Part 75.302.
- The application identifies staff that will be responsible for maintaining oversight of program activities, staff, partners, and describes procedures and policies used to oversee staff and/or partners/contractors.
- The application describes organizational records systems that relate financial data to performance data by identifying the source and application of federal funds so that they demonstrate effective control over and accountability for funds, compare outlays with budget amounts, and provide accounting records supported by source documentation.

Letters of Support	Maximum Points:5
---------------------------	-------------------------

In reviewing this section, reviewers will consider the extent to which the application

demonstrates sufficient public support to successfully carry out the project, as outlined in *Section IV.2. Content and Form of Application Submission, The Project Description, Letters of Support*. Specifically, reviewers will consider the extent to which:

- The application includes letters of support describing government and/or community support for the project; any specific relationship the supporter might have to the applicant; and knowledge of the applicant's experience and qualifications in water and wastewater treatment.

The Project Budget and Budget Justification	Maximum Points: 15
---	--------------------

In reviewing the Project Budget and Budget Justification, reviewers will consider the extent to which the budget for the project demonstrates that the applicant has sufficient funds available and that the planned expenditures are necessary, appropriate, and reasonable for the success of the project as outlined in *Section IV.2. Content and Form of Application Submission, The Project Budget and Budget Justification*.

Specifically, reviewers will consider the extent to which:

- The application demonstrates that the amount of funds available for the project (RCD and non-RCD) is commensurate with the level of effort necessary to accomplish the activities, goals, and objectives of the project.
- The application clearly demonstrates that the financial estimates are grounded in solid assumptions, and demonstrates the necessity, reasonableness, and allocation of the proposed costs. The application includes a budget and budget justification that clearly links the proposed expenditures to the proposed activities necessary for accomplishing the project.
- The application's budget narrative demonstrates in sufficient detail the appropriateness and reasonableness of the line items proposed, and that the proposed budget is appropriate for accomplishing the proposed project. The application budget demonstrates that program income is not necessary to meet the funding needs for implementation of the project design.

V.2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application. No grant award will be made to an applicant or sub-recipient that does not have a DUNS number (<http://fedgov.dnb.com/webform>) and an active registration at SAM (www.sam.gov). See *Section IV.3. Unique Entity Identifier and System for Award Management (SAM)*.

Initial ACF Screening

Each application will be screened to determine whether it meets any of the disqualification factors described in *Section III.3. Other, Application Disqualification Factors*.

Disqualified applications are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this FOA.

Objective Review and Results

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using only the criteria described in *Section V.1. Criteria* of this announcement. Each panel is composed of experts with knowledge and experience in the area under review. Generally, review panels include three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding. Scores and rankings are only one element used in the award decision-making process. ACF reserves the right to evaluate applications in the larger context of the overall portfolio by considering geographic distribution of federal funds (e.g., ensuring coverage of states, counties, or service areas) in its pre-award decisions.

ACF may elect not to fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested.

ACF may refuse funding for projects with what it regards as unreasonably high start-up costs for facilities or equipment, or for projects with unreasonably high operating costs.

Federal Awarding Agency Review of Risk Posed by Applicants

As required by 2 CFR Part 200, the Uniform Guidance, effective January 1, 2016, ACF is required to review and consider any information about the applicant that is in the Federal Awardee Performance and Integrity Information System (FAPIIS), www.fapiis.gov/, before making any award in excess of the simplified acquisition threshold (currently \$250,000) over the period of performance. An applicant may review and comment on any information about itself that a federal awarding agency has previously entered into FAPIIS. ACF will consider any comments by the applicant, in addition to other information in FAPIIS, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 2 CFR § 200.205 Federal Awarding Agency Review of Risk Posed by Applicants (http://www.ecfr.gov/cgi-bin/text-idx?node=se2.1.200_1205&rgn=div8).

Please refer to *Section IV.2.* of this announcement for information on non-federal reviewers in the review process.

Approved but Unfunded Applications

Applications recommended for approval in the objective review process, but not selected for award, may receive funding if additional funds become available or may compete for funding during the next review cycle (if one occurs in the next fiscal year). Applications designated as “approved but unfunded” typically cannot be kept in an active status for more than 12 months.

For those applications determined as “approved but unfunded,” notice will be given of the determination by email.

V.3. Anticipated Announcement and Federal Award Dates

Announcement of awards and the disposition of applications will be provided to applicants at a later date. ACF staff cannot respond to requests for information regarding funding decisions prior to the official applicant notification.

VI. Federal Award Administration Information

VI.1. Federal Award Notices

Successful applicants will be notified through the issuance of a Notice of Award (NoA) that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-federal share to be provided (if applicable), and the total project period for which support is contemplated. The NoA will be signed by the Grants Officer and transmitted via postal mail, email, or by GrantSolutions.gov or the Head Start Enterprise System (HSES), whichever is relevant. Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter signed by the cognizant Program Office head. Any other correspondence that announces to a Principal Investigator, or a Project Director, that an application was selected is not an authorization to begin performance.

Project costs that are incurred prior to the receipt of the NoA are at the recipient's risk and may be reimbursed only to the extent that they are considered allowable as approved pre-award costs. Information on allowable pre-award costs and the time period under which they may be incurred is available in *Section IV.6. Funding Restrictions*.

Grantees may translate the Federal award and other documents into another language. In the event of inconsistency between any terms and conditions of the Federal award and any translation into another language, the English language meaning will control. Where a significant portion of the grantee's employees who are working on the Federal award are not fluent in English, the grantee must provide the Federal award in English and in the language(s) with which employees are more familiar.

VI.2. Administrative and National Policy Requirements

Awards issued under this announcement are subject to 45 CFR Part 75 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards. The Code of Federal Regulations (CFR) is available at www.ecfr.gov. Unless otherwise noted in this section, administrative and national policy requirements that are applicable to discretionary

grants are available at: www.acf.hhs.gov/administrative-and-national-policy-requirements.

HHS Grants Policy Statement

The HHS Grants Policy Statement (HHS GPS) is the Department of Health and Human Services' single policy guide for discretionary grants and cooperative agreements. ACF grant awards are subject to the requirements of the HHS GPS, which covers basic grants processes, standard terms and conditions, and points of contact, as well as important agency-specific requirements. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary that are specified in the Notice of Award (NOA). The HHS GPS is available at <https://www.acf.hhs.gov/discretionary-post-award-requirements#chapter-1>.

An application funded with the release of federal funds through a grant award does not constitute, or imply, compliance with federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable federal regulations.

VI.3. Reporting

Performance Progress Semi-Annually
Reports:

Recipients under this FOA will be required to submit performance progress and financial reports periodically throughout the project period. Information on reporting requirements is available on the ACF website at www.acf.hhs.gov/discretionary-post-award-requirements#chapter-2.

For planning purposes, the frequency of required reporting for awards made under this announcement are as follows:

Financial Reports: Semi-Annually

RCD Performance Progress Report

RCD grantees are required to report project progress using the RCD-specific Performance Progress Reporting (PPR) on a semi-annual basis. The RCD PPR is in the process of being revised.

Application Checklist

Applicants may use this checklist as a guide when preparing an application package.

What to Submit	Where Found	When to Submit
SF-424 - Application for Federal Assistance	Referenced in <i>Section IV.2. Required Forms, Assurances, and Certifications</i> . This form is available in the FOA's forms package at www.Grants.gov in the Mandatory section.	Submission is due by the application due date found in the <i>Overview</i> and in <i>Section IV.4. Submission Dates and Times</i> .
SF-424A - Budget Information - Non-Construction Programs and SF-424B - Assurances - Non-Construction Programs	Referenced in <i>Section IV.2. Required Forms, Assurances, and Certifications</i> . These forms are available in the FOA's forms package at www.Grants.gov in the Mandatory section. They are required for applications that include only non-construction activities.	Submission is due by the application due date found in the <i>Overview</i> and in <i>Section IV.4. Submission Dates and Times</i> .
Table of Contents	Referenced in <i>Section IV.2. The Project Description</i> .	Submit with the application by the due date found in the <i>Overview</i> and in <i>Section IV.4. Submission Dates and Times</i> .
Project Summary/Abstract	Referenced in <i>Section IV.2. The Project Description</i> . The Project Summary/Abstract is limited to one single-spaced page.	Submission is due by the application due date found in the <i>Overview</i> and in <i>Section IV.4. Submission Dates and Times</i> .

The Project Description	Referenced in <i>Section IV.2. The Project Description.</i>	Submission is due by the application due date found in the <i>Overview</i> and in <i>Section IV.4. Submission Dates and Times.</i>
The Project Budget and Budget Justification	Referenced in <i>Section IV.2. The Project Budget and Budget Justification.</i>	Submission is required in addition to submission of SF-424A and / or SF-424C. Submission is required with the application package by the due date in the <i>Overview</i> and in <i>Section IV.4. Submission Dates and Times.</i>
SF-Project/Performance Site Location(s) (SF-P/PSL)	Referenced in <i>Section IV.2. Required Forms, Assurances, and Certifications.</i> This form is available in the FOA's forms package at www.Grants.gov .	Submission is due by the application due date found in the <i>Overview</i> and in <i>Section IV.4. Submission Dates and Times.</i>
SF-424 Key Contact Form	Referenced in <i>Section IV.2. Required Forms, Assurances, and Certifications.</i> This form is available in the FOA's forms package at www.Grants.gov .	Submission is due with the application by the application due date found in the <i>Overview</i> and in <i>Section IV.4. Submission Dates and Times.</i>
Proof of Non-Profit Status	Referenced in <i>Section IV.2. The Project Description, Legal Status of Applicant Entity.</i>	Proof of non-profit status should be submitted with the application package by the application due date and time listed in the <i>Overview</i> and <i>Section IV.4.</i> of the FOA. If it is not available at the time of application submission, it must be submitted prior to the award of a grant.
Eligibility Documentation by For-Profit Organizations	Referenced in <i>Section IV.2. Project Description, Legal Status of Applicant Entity.</i>	Submission is required with the application by the Application Due Date in the <i>Overview</i> and in <i>Section IV.4. Submission Dates and Times.</i>

Certification Regarding Lobbying (Grants.gov Lobbying Form)	<p>Referenced in <i>Section IV.2. Required Forms, Assurances, and Certifications</i>.</p> <p>This form is available in the FOA's forms package at www.Grants.gov.</p>	Submission is due with the application package or prior to the award of a grant.
SF-LLL - Disclosure of Lobbying Activities	<p>"Disclosure Form to Report Lobbying" is referenced in <i>Section IV.2. Required Forms, Assurances, and Certifications</i>.</p> <p>This form is available in the FOA's forms package at www.Grants.gov.</p>	<p>If submission of this form is applicable, it is due at the time of application.</p> <p>If it not available at the time of application, it may also be submitted prior to the award of a grant.</p>
Unique Entity Identifier (DUNS) and Systems for Award Management (SAM) registration.	<p>Referenced in <i>Section IV.3. Unique Entity Identifier and System for Award Management (SAM)</i> in the announcement.</p> <p>To obtain a DUNS number (Unique Entity Identifier), go to http://fedgov.dnb.com/webform.</p> <p>To register at SAM, go to http://www.sam.gov.</p>	<p>A DUNS number (Unique Entity Identifier) and registration at SAM.gov are required for all applicants.</p> <p>Active registration at SAM must be maintained throughout the application and project award period.</p>
Mandatory Grant Disclosure	<p>Requirement, submission instructions, and mailing addresses are found in the "Mandatory Grant Disclosure" in <i>Section IV.2. Required Forms, Assurances and Certifications</i>.</p>	If applicable, concurrent submission to the Administration for Children and Families and to the Office of the Inspector General is required.
